The offender has not complied with the following condition(s) of supervision:

Violation Number

Nature of Noncompliance

**Mandatory
Condition: "The
defendant shall
refrain from any
unlawful use of a
controlled
substance."**

On June 19, 2007, the offender submitted a urine specimen which produced a presumptive positive for cocaine.

U.S. Probation Officer Action: Mr. Goldsmith admitted to using cocaine on June 16, 2007. This is the offender's first positive drug test since beginning supervised release. Prior to submitting this positive urine specimen, the offender had submitted three (3) urine samples which all produced negative results for any controlled substance. The probation officer offered drug treatment to Mr. Goldsmith and he declined. He was informed of the possible punishment for continued use of illegal drugs and received a written reprimand. Also addressed in the written reprimand issued to Mr. Goldsmith was his failure to report for drug testing on three occasions (May 9th, 23rd, and June 4th).

Due to his positive drug test, the offender will remain in the probation office's highest drug testing phase for an additional two months. It is respectfully recommended that the Court take no action at this time. Should he continue to use illegal drugs or fail to report for drug testing, punitive action will more than likely be requested.

Respectfully submitted,
